## Skier / Boarder Information

Have you taken lessons before?

YES

NO

What level did you complete?

### 1 First Time Skier

Never skied before. Or is not yet able to do a snowplow on a gentle slope.

### 2 Novice

Can do snowplow turns in control on gentle slopes. Prefer to ski at a slow pace. Green runs remain a bit of a challenge.

### 3 Comfortable Novice

Ability to link strong snowplow turns or wide stance parallel. Feel comfortable on green runs but rarely venture onto blue runs. May add poles at this level.

### 4 Intermediate

Able to ski parallel turns with pole plant. Can ski most blue runs, more advanced blues remain a challenge. Would like to explore more varied terrain.

### 5 Advanced

Able to ski strong parallel turns with a pole plant on all blue runs and easy black runs. Learning short turns, off piste, moguls, powder and more difficult terrain.

### 6 Expert

Enjoy the challenge of skiing in control in all conditions and terrain and want to refine these skills.

What level of skier / boarder do you consider yourself to be?
