January Courses:

BENG: English (grades 9 – 12)

BMTH: Math (grades 9 – 12)

BCMP: Computers

BSOC: Socials

USSD: University Success Strategies

• BUSINESS FUNDAMENTALS PROGRAM - evenings

Communications, business math and technology courses to support career advancement

January Courses:

BTEC 117: Accounting Procedures

• LIL'WAT NATION LANGUAGE & CULTURE CERTIFICATE PROGRAM - evenings

ENGL 107: First Nations Literature & Film

The New Ts'zil Learning Centre

The construction is coming along nicely or our much anticipated Fall 2018 Grand Opening! It is going to be a beautiful space for community development and learning.

Technology Trend of the Month

“Augmented Reality: It’s here, it’s built into the new iPhone, and it’s the future!”

What is it? If you are interested in learning more about computers and technology, consider taking the Computer Studies course at Ts'zil that starts in January. You'll develop skills in the areas of keyboarding, using e-mail, web research, word processing, editing images and much, much more!

• **BUILDING SERVICE WORKER TRAINING (Janitorial)**

Short-term training, certification and supported work experience to prepare graduates for the workplace

January Courses:

BENG: Basic English (grades 9 – 12)

BMTH: Basic Math (grades 9 – 12)

BCMP: Basic Computers

BCEP: Basic Education & Career Planning

Industry Training Certificates including:

WHMIS, OFA 1, Safe Lifting, Ladder Safety & Chemical Safety

Introducing Ts'zil's Learning Facilitator: Kim McLeod

- Have you been thinking about going back to school?
- Are there courses that would help you get a job?
- Do you have questions about how to achieve your goals?

Kim is here to help all Lil'wat nation members answer these and other questions. Reach out today to book an appointment:

kim.mcleod@lilwat.ca or 604-894-2300
