

Outdoor School Strategic Planning Sessions

The Lílwat Nation is working with School District 48 Sea to Sky to reacquire a portion of our traditional territory that was recently held by the Coast Mountain Outdoor School near the Lillooet River Bridge at the end of the Pemberton Meadows Road.

We are seeking community feedback and what could, should and should not go on to the site. The results of this survey, in addition to existing plans and policies will help us develop a long-term vision and plan for the area.

Ullus Banquet Hall Sessions:
